

### Outlook 2007 - Level 1

Duration: 1 day

#### Overview:

In this course, students learn how to compose and send email, schedule appointments and meetings, manage contact information and tasks, and use notes.

#### Target Audience:

This course is designed for any person with a basic understanding of Microsoft Windows who needs to use Microsoft® Office Outlook® 2007 to compose and send email, schedule appointments and meetings, manage contact information and tasks, and use notes. In addition, this course helps prepare students who desire to take the Microsoft Certified Applications Specialist certification for Outlook.

#### At Course Completion:

Upon successful completion of this course, students will be able to:

- Identify the components of the Outlook environment. You will also perform simple tasks such as sending and responding to email messages.
- Compose messages.
- Use folders to organize messages.
- Manage contacts and contact information.
- Schedule appointments.
- Schedule meetings.
- Create and edit tasks.
