

Microsoft Office 2013: Transition from 2007/2010

Duration: 1 day

Overview:

This course builds upon the foundational knowledge and skills Microsoft Office 2007/2010 and focuses on the enhanced features of Microsoft Office 2013 that you can leverage to improve the way you manage, organise, present, and distribute your company's data and information.

You'll explore a variety of enhancements, from Word's ability to edit PDF files to the new Flash Fill functionality in Excel that dramatically increases the speed at which you can add data to a spreadsheet. You'll discover how the cloud has been deeply integrated into your Office experience and how collaborating with colleagues has never been easier. This Microsoft Office 2013: Transition from Office 2007/2010 course will help you bridge the gap from the version you already know and love to the latest release of Microsoft's flagship productivity suite.
